

LONDON ROUTES: FULL STOP TIMETABLES

Operating patterns, departure times and map design explanation

How to use this document: Red Route has separate Sunday-to-Friday and Saturday timetables. Blue Route uses the same timetable every day. Green Route runs Friday to Sunday only, with morning pick-ups and afternoon drop-offs and no service in the middle of the day.

Red Route – Sunday to Friday (10-bus service)

Times are reproduced from the supplied timetable. Saturday and Sunday Red Route buses use the weekend routing via Lambeth Bridge, shown separately on the map.

WHY THE MAP USES DIFFERENT ROUTE DESIGNS

The map differentiates the Green Route from the weekend version of the Red Route because they represent different service patterns. Green Route runs only Friday, Saturday and Sunday, with morning pick-ups and afternoon drop-offs. On Saturdays and Sundays, Red Route buses use a different route via Lambeth Bridge. Showing these patterns separately makes it easier for customers to identify the service and route that applies on their day of travel.

Data note: The supplied Red Route information contains two entries labelled Stop 16 – Buckingham Palace Road, Stand Z12, with different times. Both entries have been retained exactly as supplied and marked entry 1 / entry 2 so the discrepancy is visible for confirmation.
